

Dear Cordelia

I have been asked by Sherborne Town Council and the police, as well as numerous residents of Sherborne to look at the junction referred to above.

These are my initial thoughts which are supported by the Town Council.

With the dangerous parking around this primary junction, I am looking to create a safe place for pedestrians to cross the road and reach the many shops and banks on all four sides, but without causing the shops themselves problems with deliveries. At the moment a delivery may arrive and have nowhere to park, whereas this scheme has a dedicated loading/unloading bay in South Street within easy reach of shops and an area where deliveries and disabled drivers may pull up near the "Gallery" in Half Moon Street

I attach a letter and map as sent to Sherborne Town Council, and would welcome your comments.

Thank you

Regards
Sarah Price
