Dear Mrs Todd

REVIEW OF WAITING RESTRICTIONS – CHEAP STREET/LONG STREET/SOUTH STREET/HALFMOON STREET JUNCTIONS, SHERBORNE

Further to a meeting of Sherborne Town Council and Dorset County Council on 5th February 2010 to discuss the market traders parking of vehicles and the freeing-up of the Half Moon Street/Cheap Street/Long Street/South Street junction, I am now ready to proceed with the Dorset County Council primary consultation.

As part of this consultation I will be writing to Sherborne Chamber of Trade to keep them informed of these changes, in particular where shops may feel disadvantaged through no longer being able to load/unload directly in front of their premises. I shall point out that with the amount of misuse of the single yellow line around this area they cannot be assured of that currently, where at least with this scheme they would have a dedicated bay for loading/unloading.

I enclose a map to show my proposals, which will be sent to West Dorset District Council, The Police and Sherborne local member Cllr Gould.

I will let the Town Council know if I receive any comments from any of these bodies, but in the meantime please let me have any comments the Town Council may wish to make before I proceed to public advert.

If you have any further queries please do not hesitate to contact me directly.

Yours Sincerely

Sarah Price
Technical Officer
